BlackPink Clothes – Youthful and Playful Styles
 BlackPink fashion is one of the most popular KPOP fashion, since BlackPinks debut in 2016. Their fashion is characterized by their youthful and playful style: The BlackPink style. Each of the members has a different uniqueness in her outfits. Of course BlackPink fashion differs from concept to concept, but nevertheless you can always see their different personalities and styles in their chosen clothes. BlackPinks fashion also differs between their stage fashion and casual fashion like their airport fashion.

BlackPinks Clothes Represents Their Personality

Blackpink Lisas Clothes
 Lisas fashion is imprinted through her daring styles and outfits. Most of the time Lisas outfits contain two or more statement pieces like a really daring but fashionable cut jeans or combining pieces with certainly different styles. Lisas clothes are a lot edgier and bolder than from the other members.

BlackPink Jennie Clothes
 Jennies fashion is compared with Lisas fashion more feminine and cute. Jennies style is imprinted through a more adult fashion. She likes to wear feminine dresses for example this combination of a skirt and a cute top with lace and ruffles but also elegant suits and jackets.

BTS Clothes – Variety is Fashion

BTS clothes are one of the most important characteristics of the group. Since their debut in 2013, they varied and changed their styles continuously. At their earlier years, their fashion was inspired by the American Hip-Hop scene but changed rapidly after their break through. BTS clothes differs in their concept and feeling from edgy to classy, from dark and wild, to bright and colorful clothes. Surely, every Army remembers their outfits in the first MV “No More Dream” or in “Blood Sweat and Tears”. What a huge difference right? Additionally, to their Music, BTS clothes are one thing that makes the boys special in their own way since it shows their evolution and change in character and heart.

BTS Clothes Are Gender-Neutral One thing that you can always see in the KPOP industry, is that BTS clothes are often used gender neutral. Especially BTS loves to use more feminine fashion pieces in their wardrobe. In BTS fashion you always see originally female pieces worn by them. For instance, everyone loved Sugas flower jeans jacket. By wearing
